

ON THE CAMPUS . . . What it's like to be a college student will be theme for an open house at the California State College at Dominguez Hills Tuesday, Feb. 21. The event, scheduled from 3 until 9 p.m.,

will give visitors a chance to see all facets of life at California's newest and smallest state college. The college facility is located at 809 E. Victoria St.

Rumanian Minister To Speak

The Rev. Richard Wurmbrand, a Rumanian evangelical minister recently released from 14 years of imprisonment for his work in the Underground Church behind the Iron Curtain, will speak Tuesday in Gardena.

He will speak at the Bethesda Assembly of God Church, 1473 W. 182nd St. at 7:30 p.m., Pastor Elwyn Lewis said.

The Rev. Mr. Wurmbrand was first imprisoned in 1948.

Girl to Appear In Brecht Play At University

Maureen Bereskin, daughter of Mr. and Mrs. Louis Bereskin of 17416 Delia St., will appear in a production of Bertolt Brecht's "Good Woman of Setzuan" at the University of California at Santa Barbara.

The play, scheduled to run March 2 through 4 and 8 through 11, employs stylistic acting to create an illusion of unreality known as the "alienation effect."

Miss Bereskin is a junior majoring in drama.

He founded the Underground Church in 1945 and led its work following the occupation of Rumania by the Soviets.

He was released from prison in 1956 and arrested again in 1959 and his wife was given his official death certificate. He was released in 1964 in a general amnesty and was brought out of Rumania by friends.

In May, 1966, the Rev. Mr. Wurmbrand testified before the U. S. Senate Internal Security Sub-committee and stripped to the waist to show 18 deep torture wounds covering his body.

The public is invited to attend the lecture Tuesday, Pastor Lewis said.

Professor to Speak at Local Church

Dr. Robert Frost will speak at The Harbor Church, 1032 W. Pacific Coast Hwy., tonight at 7.

A spokesman for Inter-Faith Church and Campus Ministries, Dr. Frost is professor of biology at Southern California College in Costa Mesa.

The Rev. Robert Pruetz, minister of The Harbor Church, has invited residents of the Harbor and Southwest area to hear the guest speaker.

Diseases Reported

Notifiable diseases reported to the Los Angeles County Health Department from the Torrance area for the week ending Jan. 21 included the following: gonorrhea, seven cases; hepatitis three; scarlet fever, two; and syphilis, one.

Police Arrest Carson Youth For Burglary

Torrance police arrested a 19-year-old Carson area youth Friday on burglary charges following an investigation into several Torrance burglaries.

Lester Gerald DeVore II, of 1341 W. Carson St., was arrested at his home about 8:30 Friday evening.

YOUR DENTAL HEALTH

Gum Disease Can be Prevented

(This is one of a series of articles on dental health prepared by the Harbor Dental Society, an affiliate of the American Dental Association.)

The tragedy of gum disease is that it can usually be prevented.

With proper care of the mouth, this greatest cause of tooth loss in persons over 35 could be virtually eliminated.

Yet almost 50 per cent of all Americans over 50 years of age and nearly 100 per cent of those over 65 suffer from some form of this destructive malady.

Periodontal (gum) disease usually begins with inflammation of the gums, and, if not treated, results in tooth loss. In its early stage, known as gingivitis, the gums gradually become swollen and red

and begin to stand away from the teeth.

THE GUMS bleed when the teeth are brushed. They may even bleed when touched. Bleeding and swollen gums may cause so little discomfort that all too often the condition is ignored.

Occasionally the gums become swollen and tender because of an infection, such as trench mouth. Persons with such an infection — as with any form of gum disease — should see a dentist at once.

Neglected gingivitis deteriorates the foundation bone surrounding the teeth. Inflammation spreads along the roots of the teeth. As the gums separate from the teeth, pockets form which become filled with food particles. A crust-like substance called calculus and bacteria and sometimes pus forms on the teeth. This condition is known as periodontitis.

AS PERIODONTITIS progresses, the bone supporting

the teeth is destroyed. The teeth become loose and drift away from their normal position.

Finally, the teeth are lost because the bone and other tissues supporting them have been destroyed; there is nothing to hold them in place.

Care from your dentist is essential in the prevention and treatment of gum disease. He can remove the hard cal-

Woman Gets Suspended Sentence

A Palos Verdes woman received a suspended jail term Tuesday after she pleaded guilty to a charge of drunk driving.

Eise Margarthe Coster, 32, was arrested Feb. 3 after she lost control of her car and hit two parked cars in the 5300 block of Carol Drive.

A fine of \$178 or 15 days in the county jail was imposed. The sentence was suspended, however, and the woman placed on probation for one year.

Girl Hurt In Crash

A 4-year-old girl sustained minor injuries Friday afternoon when she was struck by a car while walking with her mother near Artesia Boulevard and Yukon Avenue.

Laurette C. King was taken to Little Company of Mary Hospital by her mother. She was released following treatment.

Suspect In Theft Released

An 18-year-old Torrance youth arrested last Sunday on suspicion of grand theft auto has been released.

Timothy W. Owens, of 2450 W. Pacific Coast Hwy., was arrested Sunday after police received a report that a car was being stolen in North Torrance.

Police said they released Owens pending further investigation of the matter.

Pedestrian Injured by Hit-Run Car

A Torrance woman struck by a hit-run driver about 8 p.m. Thursday is reported in satisfactory condition at Torrance Memorial Hospital.

Mrs. Florence Tower Hiebert, 57, of 2768 Eldorado, was struck by a speeding car while crossing Carson Street Thursday evening. She was taken to Little Company of Mary Hospital, then transferred to Torrance Memorial Hospital.

Witnesses told police the driver of the car, a red and white sedan, made no attempt to stop.

culus that forms on your teeth and that is the most common cause of gum disease. He can eliminate other causes and correct still others — like malocclusion — that provoke it.

IF GINGIVITIS has gotten a hold, the dentist will first have to treat the infection. Sometimes diseased gum tissue may have to be surgically removed. Splints or other appliances to reduce the movement of loose teeth may be needed.

There are many measures the dentist can take in treating periodontal disease. What they are depends on the type and severity of the individual case. Home cures for periodontal disease are of no value and may even be harmful. Only a dentist is competent to decide the right treatment for you.

The best weapon in the battle against gum disease is prevention. As with so many diseases, good health habits are the best line of defense against periodontal disorders.

Hearing on Bookmaking Charge Set

A Torrance man arrested Jan. 27 on suspicion of bookmaking has been ordered to appear in Superior Court on the charge.

Stanley Walton Watts, 55, of 4069 Bluff St., will be arraigned in Department A of the Southwest Superior Court Feb. 27 at 9 a.m.

Watts is free on \$550 bail pending the Superior Court appearance.
